Warwickshire Police invests in a new policing model to improve services for the public

Warwickshire Police now has the largest number of officers in its more-than-160-year history, enabling the force to implement a new model of policing for Warwickshire from April 2023.

The force is using its recent increase in officer numbers to increase resources focused on crime prevention and protecting people from harm, to enhance its capacity for community engagement and resolution of community issues, and to improve services for victims.

This accompanies investment in information technology to ensure the force uses innovative new technological capacity and capability to serve the public as effectively and efficiently as it can.

Domestic is sadly the category that regularly has the most reports and it is almost certainly under reported. If you are a witness or a victim please report (anonymously if necessary).

Help is available if required. [MORE](#)

Burglary (Domestic) though not very common can be extremely traumatic for those involved. See how you can improve your home's security and where you can get help if the worst happens.

Southam SNT - Drop-in Sessions

PC Parry will be hosting regular drop-in sessions at Southam Station for anyone wanting to discuss local policing issues.

Sessions are planned for:

- Thursday 4th May 6 pm - 8 pm
- Friday 19th May 6 pm - 8 pm

Sessions may have to be changed at the last minute due to operational reasons. Please check the SNT Facebook page for latest information.

The entrance is to the right of the library entrance and adjacent to the boundary wall to the old police station.

We also wish to meet groups across the area to discuss local policing. If any group has concerns that they would like to discuss please get in touch using the contact details on the front of the

WHATSAPP SCAM

Action Fraud has received over 60 reports relating to a scam that steals access to a WhatsApp user's account.

The scam begins when a criminal gets access to another WhatsApp account which has you listed as a contact. The criminal, posing as your friend or someone that's a member of a WhatsApp group you're in, will then send you seemingly normal messages to try and start a conversation with you. However, around the same time you will receive a text message from WhatsApp with a six-digit code. This is because the criminal has been trying to login to WhatsApp using your mobile number. The criminal will claim that they sent you their code by accident and ask you to help them by sending it to them. Once the criminal has this code, they can login to your WhatsApp account and lock you out.
